# Commercial Loan Officers per Commercial Credit Analyst

Definition & Measurement Details

## What is Commercial Loan Officers per Commercial Credit Analyst?

The number of commercial loan officers divided by the total number of commercial lending credit analysts (or credit analysts whose duties include commercial credit analysis) working for the organization at the same point in time. Credit analysts are responsible for analyzing risk related to both new and existing loans managed by the organization.

## Why should this KPI be measured?

Commercial Loan Officers per Commercial Credit Analyst measures the number of credit analysts working for the organization relative to the total number of loan officers. This metric is useful in understanding

## How is this KPI calculated?

Two numbers are used to calculate this KPI: (1) the total number of commercial loan officers working for the institution, and (2) the total number of commercial credit analysts working for the
