Distribution Expense as a Percentage of COGS

Definition & Measurement Details

What is Distribution Expense as a Percentage of COGS?

Total distribution expense incurred by the company divided by the total cost of goods sold (COGS) over the same time period, as a percentage.

Why should this KPI be measured?

Distribution Expense as a Percentage of COGS measures the portion of costs attributed to distribution of goods vs. the direct costs incurred to produce those goods. A high value for this KPI may suggest small profit

How is this KPI calculated?

Two values are used to calculate this KPI: (1) the total distribution expense incurred by the company and (2) the total cost of goods sold (COGS) over the same time period. Distribution expense is
