# Legal Department Staffing Ratio

## Definition & Measurement Details

### What is Legal Department Staffing Ratio?

The total number of company-wide employees divided by the number of Legal Department employees (across all the Legal function's sub-groups) working for the company at the same point in time, expressed as a ratio (e.g., total employees per Legal Department employee).

### Why should this KPI be measured?

Legal Department Staffing Ratio measures the total number of company-wide employees divided by the number of Legal Department employees (across all the Legal function's sub-groups) working for the company at the same point in time.

### How is this KPI calculated?

Two values are used to calculate this KPI: (1) the total number of employees working for the company at the same point in time across all functions within the company, and (2) the number of employees working in the Legal Department.
