Call Center Shrinkage Due to Meetings

Definition & Measurement Details

What is Call Center Shrinkage Due to Meetings?

The number of minutes that call center representatives spend off the phone and unavailable to accept calls as a result of attending meetings as a percentage of the total amount of time scheduled for work over the same period of time.

Why should this KPI be measured?

This metric measures both the productivity of the organization's workforce, as well as management's ability to monitor how effectively employees are using their time. Through regular analysis of employees

How is this KPI calculated?

Two values are used to calculate this KPI: (1) the amount of work time (measured in minutes, rounded to the nearest tenth) lost due to shrinkage, and (2) the total amount of
