Cost per T&E Report Processed

Definition & Measurement Details

What is Cost per T&E Report Processed?

The total cost (labor, technology, processing fees, etc.) related to processing and paying out travel and entertainment (T&E) expense reports from company employees over a certain period of time divided by the total number of T&E reports processed over the same period of time.

Why should this KPI be measured?

Cost per Travel & Entertainment (T&E) Report Processed measures the average cost to handle and pay out a single employee T&E report over a certain time period (i.e. unit cost). While there are many technologies

How is this KPI calculated?

Two values are used to calculate this KPI: (1) the cost of processing travel and entertainment (T&E) expense reports, and (2) the total number of T&E reports processed over a certain period of time. Total
